

Jonathan Mountford

Jonathan started his career in London, initially with Clive Lewis and Partners in the West End before co-founding Fraser CRE, a specialist commercial property practice managing client's property portfolios throughout the UK.

After 15 years' experience in London Jonathan joined DTZ international property consultants based in Birmingham as an Associate Director.

Following DTZ, Jonathan was the principal Surveyor and Valuer for Andrew Grant Country Homes for many years. In 2016 he joined GJS Dillon as Director of Professional Services and Residential Surveys.

Expertise

- Jonathan is a Chartered Surveyor and RICS Registered Valuer. He undertakes a wide variety of RICS surveys and valuations for residential properties across Worcestershire, Herefordshire and Shropshire.
- Survey reports for all types of properties from cottages to mansions. Expertise in period and listed town and country properties.
- Established reputation for excellent customer service and top quality jargon-free reports.
- Outstanding track record for spotting potential problems with all types of residential property and saving clients substantial amounts of money.
- Extensive knowledge of the local property market and traditional building techniques.
- Valuations for secured lending, probate, matrimonial, accounting purposes, and dispute resolution.

What Clients Say

- "I regularly purchase run down properties to renovate and always instruction Jonathan to survey them. Jonathan's survey on the last purchase identified problems which enabled me to reduce the agreed purchase price by £10,000. Well worth the cost of the survey."
- "We agreed to buy a large country property in Blakedown, Worcestershire that needed work and we asked around to see who was the most practical and experienced surveyor in the area. Three separate parties recommended Jonathan Mountford and we were not disappointed. His report was excellent, pragmatic and he spotted items that we never saw during our three viewings with the estate agents! He provided really useful advice once we moved in and started the works and he put us in contact with several skilled trade persons. We would highly recommend!"
